Background notes:

Pupil forecasts 2021 employed from September 2021. Incorporating roll data from Schools Census Autumn 2020. Data from the Health Authority includes pre-school children born up to 31st August 2020. Forecasts use trend data over the previous three years.

Expected pupil product from new developments within the planning area

Where a section 106 agreement has been secured for a development that includes education contributions (indicated by code S106 in brackets), the expected pupil product from that development has been shown as zero. This indicates that the pupil product need arising from the development has been mitigated by the developer.
