Reasons for comment:	
Comments:	[REDACTED] the change to this end of the rd has declined, the wimborne house development was erected this was to be a small building housing retired residents, this never happened it grew to the size it is today. We were assured the entrance in Taunton Vale was never going to be used only for emergency services. This was untrue as building material HGV vehicles used this entrance where our cars were frequently hit. This small cul-de-sac can not take anymore vehicles. This rd is a family orientated residency, many families are bring up their children, to turn a family home into a HMO, is unacceptable to the residents that reside here. This street simply can not take anymore, emergency services struggle to manouvre down this end of the rd, to add 6 more people which could be 6 more plus cars, is totally unacceptable, surely the well being of the residents must come first.

Kind regards
