Reasons for comment:

Comments:	Our biggest concern would be the increased traffic accessing an already very busy and congested part of Gravesend. The impact on traffic during school runs would be incredible, putting even more school children on foot at risk. I have lived close by for 34 years and have noticed a massive increase in the amount of accidents in the area due to sheer weight of traffic and the complexity of the infamous Echo Square roundabout! My next concern would be the building model- not exactly in keeping with the surrounding properties in what is a very historic part of town, which has managed to maintain it's ascetics. The building would be taller than its surrounding properties and look very out of place, due to its'box-like' appearance. If development needs to happen, at least don't make it stand out like a sore thumb!
