

The new windows and doors will be made of either UPVC with slim-line frames, or aluminium, finished dark grey.

The side wall of the extension, running along the boundary, will be made of brick to match the existing house with no openings.

1 1:50
 Rear Elevation

The decision to use a flat roof helps to keep the overall height of the extension down, helping to prevent a sense of overbearing on the neighbour.

The extension is to be made of bricks to match the existing house, helping to manage the visual impact of the extension.
