Reasons for comment:	
Comments:	There is no infrastructure to meet this .there are already primary school age children travelling out of istead rise,even though an older sibling is already in the local primary as there are no spaces.the doctor surgery is full. The A2 is blocked and moving at 5mphr regularly in rush hour,with many accidents occurring which has a knock on effect to istead rise congestion already.the local hospitals are at capacity.the list goes on and on.I strongly object.

Kind regards
