| Comments:            | <p>I fully support this application. As a local resident, I regularly jog past this site and have done so for a number of years. The existing barns and surrounding area have been unused and neglected for a long time and are an eyesore within the local landscape. The site currently appears run-down and underutilised, and in my view does not make a positive contribution to the area.</p> <p>I welcome the proposal to redevelop and bring this site back into productive use by creating new family homes. The development would improve the appearance of the location, make better use of previously neglected buildings, and provide much-needed housing in an established community.</p> <p>This is a family-friendly area, and I believe the proposed homes will be a positive addition to the neighbourhood. Overall, I feel the benefits of transforming this vacant and unattractive site far outweigh leaving it in its current condition, and I strongly support the application.</p> |
