If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

Existing property is a single dwelling house in C3 Use Class. The applicant is considering C4 use (Small HMO) up to 6 people which has not yet commenced. A change of use from existing C3 use to the proposed C4 use is considered Permitted Development because it complies with schedule 2, part 3, Class L of the town and country planning (general permitted development) (England) order 2015, as amended, and the lawful development certificate should therefore be granted on those grounds.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Planning permission is not applicable because the proposed development complies with schedule 2, part 3, Class L of the town and country planning (general permitted development) (England) order 2015, as amended, and the lawful development certificate should therefore be granted on those grounds.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
