

I understand that 4 Gouge Avenue has put in another application, which was refused in 2025. How is this possible to build 4 houses on this site, pulling down the existing property, if the owner only brought to make money, to build 4 houses this is not keeping up with the rest of Gouge Avenue, besides the mess and dust this creates for the residents also parking, most houses have 2-3 cars plus the work vans that get parked, this will cause more issues for parking, and to swing round in a car or lorry will cause a lot of disruption for all the residents, so I object. 4 houses should be refused [REDACTED]
