Reasons for comment:	
Comments:	This is the fourth Application for next door, the houses were built for families to live in, not to be converted into flats, how is the drainage for sewer going to work, it was put in for one house not three flats. Also the amount of openings in the main structure of the house, the parking 2 spaces for three flats, parking is already at its maximum, and who rides a bike, mainly delivery drivers. It's just one big headache

Kind regards
