Reasons for comment:	
Comments:	Firstly the impact on the traffic on the A227 and all other minor roads around this development. The existing infrastructure as it is is stretched. Flooding often occurs on the junction of Norwood Lane and Wrotham Road. This is arable farmland needed for our food security once built over it's gone forever. We need to safeguard the countryside for our wildlife, The habitats of wildlife will be destroyed. GP cannot cope with any more patients. Also the pollution needs to be taken into consideration as does the cumulative effect of all the other developments in the area.

Kind regards
