Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	My reasons for objecting are as follows:- 1. The site planned for the 725 dwellings is not included in the Gravesham draft Regulation 19 local plan. 2. To build on the green belt (you've renamed it grey,) will result in a loss of high quality agricultural land which we will need as a matter of urgency in the current war situation which we find ourselves in. We need to be self sufficient to survive. This development would have a huge negative impact on the rural character heritsge and nature of Meopham. Yhe GP surgery in Meopham is under pressure to meet the demand for patient care and this will be hugely impacted even more if potentially there were 2000 more people to see. Dr [REDACTED] has already said that they would not be able to provide the service to thst number of extra patients. They cannot build on to the surgery and provide extra roo.s for more doctors. The Meopham pharmacy would not be able to meet the needs of all theses new residents they are busy as it is. Traffic on the already roads would Increase by potentially 1500 extra cars this would cause so much traffic and pollution on the A227 and neighbouring roads. This would be unacceptable.
