Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: This site is already being used as a Gypsy/Traveller site. They have already brought in their mobile homes. This is not a suitable lane for access as there has been severe damage to the trees along the lane where they have been hacked back so mobile homes can get to the fields which should not be being used for housing.

I object to the placement of three large gypsy/traveller compounds in this area of farmland without prior planning permission. They have not followed the rules that other residents in Gravesham have to follow if they want to set up a home in the area. They have put up fences and solid gates which are not permitted and have changed the drainage in the lane so it floods and there is increased debris on the road. There is evidence tarmac has already been laid which is also against planning rules and not appropriate for a field which should be being used to keep animals or grow crops.

This development should not be allowed to stay and they should not be granted planning permission for what they have already done.

Kind regards
