Reasons for comment:	
Comments:	Greenbelt should not be considered for development. The greenbelt offers a buffer to stop urban sprawl and place for wildlife and in this case is active farmland doing its bit to try and produce food and provide food security. Inferstructure in the local area cannot support more development. Roads locally and surrounding lanes cannot cope with the huge numbers of vehicles especially if there is an incident on either of the main arterial local roads A2, A227 M20.

Kind regards
