Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This is simply a watered down version of the application that was quite rightly rejected earlier this year. As before it seems entirely profit driven, with one Norwood Lane resident seeking to enrich herself at the expense of her neighbours in terms of increased noise, disruption and damage to the local environment (avoidable felling of trees etc). The proposal continues to ignore road safety considerations. The development site is adjacent to a road junction that can become busy at times and access would be close to a dangerous bend that often causes me problems even though I am some distance from the bend. Inevitably, therefore, this development would increase the risk to other motorists, pedestrians, cyclists, children and pets. I urge the council to REJECT this application, which seems entirely devoid of merit.
