Reasons for comment:

Comments:	<p>This application cannot go ahead for some very basic reasons of</p> <p>1. Road Safety and pedestrian safety.</p> <p>The current tail backs and constant flow of traffic, any time of day, not just rush hour, on the A227 to access Meopham Parade shops is horrendous. Insufficient parking for volume of vehicles leads to risk of accidents by car or even by trying to navigate traffic as a pedestrian.</p> <p>It is a real problem.</p> <p>At the same junction, the right turn to Longfield Road is already dangerous due to constant heavy traffic, right next to a school and a SEND facility.</p> <p>The infrastructure is currently very inadequate without extra housing.</p> <p>Meopham Medical Centre already struggling to provide appointments when required.</p> <p>Volume of traffic in the area already a big issue if you live locally. Add to any issues, which are frequent, on the A2, the impact is immediately felt and traffic volumes alarming.</p> <p>Local residents choose to live in the Countryside to enjoy cleaner air, space and associated health benefits.</p> <p>This would be considerably reduced by extra housing.</p> <p>With 3 separate planning applications within the same area, circa 700 homes, we feel alarmed at the future of Sole St and Meopham with such Insufficient infrastructure, Drs, loss of open spaces, air quality, safety of children accessing schools, pedestrian safety in general and loss Green belt and identity</p>
