Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I travel along this stretch of road twice a week. The parking and traffic on this poorly maintained stretch of road is dangerous. A number of houses do not have driveways and park their vehicles along that road. School traffic from Meopham Community and the Helena Allison then abandon theirs where they see fit, there is no policing and the traffic warden we did have has been verbally assaulted for doing his job.</p> <p>Another 120 houses will just add to the number of children who have to try and negotiate around the cars and the traffic jam as you cannot get two cars past is horrendous. It will be dangerous for all involved for the cars on that development to access Longfield road.</p> <p>I also see that you are proposing street lights - this is a village, we do not want street lights and voted against having any. I am not prepared to pay any increase on my council tax to fund something I have expressly said I do not want.</p> <p>I understand this development does not fit in the Gravesham plan. This is Green Belt land and as such the land should be retained for farming and wildlife. It is the reason why I bought property here, if I wanted to live in a town I would have bought in London where there is far better transport services.</p>
