Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I believe that a development this size will have a huge detrimental impact on the A227 Wrotham Road, which in recent years has become extremely busy, with an increase in congestion and pollution. Potentially 700 extra cars using this route will exacerbate this situation. It will make the road extremely dangerous.</p> <p>There are hundreds of school children walking along this route from Meopham secondary school to Camer Parade, and I believe the additional vehicles plus the poor views for motorists exiting the potential development site will cause serious and even fatal accidents.</p> <p>Meopham has always maintained its wonderful historical village charm. A development this size will undoubtedly change the whole character of the village.</p>
