Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object to this planning application on the following grounds.</p> <p>It will be destroying green belt and character and will put pressure on local facilities. There is no infrastructure to support these proposed 120 houses. Schools are full. Drs are full. It will put pressure on highways and local country lanes causing gridlocks and therefore giving rise to safety issues. There is very little vehicular access on the two small lanes feeding this proposed site. It will have big impact on bio diversity and put wildlife at risk. It will cause pollution in the area close to schools/nurseries. In conjunction with other proposed housing developments this will be causing our local villages to merge into suburbs. I strongly object.</p>

Kind regards
