## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I wish to object to the planning application for new houses on this site. The site will have access near the bend of a very busy road which is not designed to take such an increase in traffic.</p> <p>The GP surgery cannot cope with additional patients, I understand that they have tried recruiting more doctors but have found this impossible to even given an additional surgery recruitment issues will result in an unacceptable GP to patient ratio.</p> <p>The area is designated green belt, clearly to act as a buffer between villages, unless we wish the urban sprawl which has taken over London suburbs we need to maintain this buffer.</p> <p>It is very shortsighted to rip up even more high grade greenbelt farmland just because it is easier than building on brownfield sites.</p> <p>Proposals for additional housing is very short sighted, there is regular flooding at numerous sites in meopham and the mains drains often overflow and lift when it rains which is a health hazard.</p> <p>Meopham and Gravesham will be affected by the Lower Thames Crossing and more building work in addition to this is unacceptable.</p>

Kind regards
