Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object due to there being insufficient infrastructure and services to support this amount of new residents in the area. In particular:</p> <p>Social infrastructure. There are not enough schools (nurseries, Primary and secondary) or GPs in the area to support the new homes.</p> <p>There are not enough shops or parking to sustain the increase in cars.</p> <p>There would be a transport impact. The increase in residents would significantly increase the traffic in an already busy area.</p> <p>I stress again there is not enough infrastructure in this area to support this increase of new residents. The planning application should be reviewed to also include the building of new schools, GPs and shops to match the population increase.</p>

Kind regards
