Reasons for comment:

Comments: I am lodging an objection to this application on the grounds that the required permissions were not obtained prior to work starting.

This retrospective planning application, which I have only been made aware of via letter from the council and not from Mr Watson himself, reinforces his lack of neighbourly consideration and total disregard for following the correct process.

The work has been ongoing in excess of three months now, causing significant noise and disruption.

The conservatory extends at least half way down Mr Watson's garden and consequently at least half way down [REDACTED] affecting both [REDACTED] privacy and the level of sunlight I now get into [REDACTED] garden. I have to question whether the extension is disproportionate to the size [REDACTED] properties and gardens. The houses in this row are small terraces, and in my opinion were not designed for such obtrusive extensions.

Kind regards
