Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Meopham has been the village that we chose to move to in 1991. We have been fortunate to retain the village character until recently when we have been invaded with plans to turn us into a small town and lose our village identity. The roads are already heavily congested as the infrastructure is just not suitable for an increasing population. There are not enough school places for our children as it is let alone an influx of more. GP appointments are impossible to make as the surgery is so busy. There is no public transport links aside from the railway as buses just simply do not exist to help the elderly travel into town. Please please reject these plans as there are other places where building would not have such a negative impact on the surrounding areas affecting all who already live here and enjoy the beauty of rural countryside living

Kind regards
