Reasons for comment:	
Comments:	Objection on many fronts This is still Green belt land This potential build will merge Meopham and Sole street This development will take away farmed agricultural land It will create huge urban sprawl, increasing the villages population by many The current drainage will not cope It has allocated 1 parking space per new dwelling, this is not enough for an average household of 2 cars plus! Where will the excess cars be parked? Who is responsible for potentially building a new school, landscaping green areas etc? This bit is not specified so cannot be guaranteed to EVER be done???!

Kind regards
