## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object to this planning application, I am concerned that the green belt land used for farming will be taken over for building houses. We need to keep the fields as they are and they should not be built on. Sole Street and the surrounding areas have very high volumes of traffic and is often used as a cut through when the surrounding roads are blocked .The new Thames crossing will also add to the increased traffic when the works start.</p> <p>The proposed development will raise the traffic levels to an unacceptable level. The local infrastructure is at breaking point and new access points from Green Lane and Norwood Lane will add to the already high levels of traffic in the area , it is already unsafe at times to ride a bike in the area and this development will add vehicle movements that will make the existing situation worse. We do not have the local infrastructure to support the houses proposed. Local NHS hospitals , dentists and doctors cannot accept any more on patient lists.</p>

Kind regards
