

Delegated Report

Approval of Details Application

Planning Application No: 20251045

Location: Land At Market Car Parks Bank Street Gravesend Kent

Description: Application for the approval of condition 34 (Travel Plan) attached to planning reference number 20200343.

Applicant: Reef Group

Submitted Documents/Plans

Planning Application Form;
The Charter – Final Travel Plan – Paul Mew Associates (November 2025); and
Covering Letter.

~~The Charter – Final Travel Plan – Paul Mew Associates (October 2025).~~

Relevant Planning History

Reference	Description	Decision	Decision Date
20200343	Erection of 242no. residential units for Build to Rent (C3 Use Class), within three blocks ranging from 3 to 10 storeys, together with multi-storey car park as well as access, pedestrian links, landscaping, highway and other associated works	Permission	21.12.2020

Development Plan

Gravesham Local Plan Core Strategy (September 2014):

- CS01 – Sustainable Development
- CS02 – Scale & Distribution of Development
- CS12 – Green Infrastructure
- CS18 – Climate Change
- CS19 – Development & Design Principles

Paragraph 34 of the NPPF (2024) sets out that policies within adopted local plans should be reviewed to assess whether they need updating at least once every five years, and should then be updated as necessary. Such reviews are also a legal requirement as set out in Regulation 10A of the Town and Country Planning (Local Planning) England Regulations 2012.

The Council undertook such a review in September 2019 and found that the adopted Local Plan Core Strategy is in need of a partial review in terms of Policy CS02, due to the increased need for housing since the Local Plan Core Strategy was adopted and the need to ensure that a sufficient land supply exists to meet this need. Whilst saved policies from the Local Plan 1st Review (1994) generally conform with the NPPF (2024), the Council will also seek to replace these.

National Planning Policy Framework (2024)

- Section 2 – Achieving Sustainable Development
- Section 4 – Decision-making
- Section 12 – Achieving well-designed places

Consultations, Publicity and Representations

Consultees

KCC Highways and Transportation

28.10.25 - Thank you for your consultation in relation to the above planning application. I have the following comments to make with respect to highway matters:

- 3.2 – Train – Please include a web link to the train provider for easy access for route, frequencies and ticketing information.
- 3.4 – Bus – Please include a web link and specify all bus providers and include a web link for easy access for route, frequencies and ticketing information.
- 5.7 – Please update with the Name and contact details of the Travel Plan coordinator once appointed.
- 5.25 – Please give more details regarding the offer of bus vouchers and what will be provided and how this will be advertised and will the take up of this incentive be monitored?

Appendix C – Travel Guide

- I would like to see included in the guide a link for Bus and Train Websites for route, frequencies and ticketing information.
- I also believe it would be beneficial to include the Travel Plan Co-ordinators name and contact details once appointed.

A revised Travel Plan was submitted on 25th November 2025 and KCC Highways and Transportation were reconsulted. The following comments were received.

03.12.25 - Thank you for your consultation in relation to the above planning application. I have the following comments to make with respect to highway matters:

I refer to the above planning application and having reviewed the amended Travel Plan Document raise no objection on behalf of the local highway authority for the Discharge of Condition 34.

It is important to note that Local Planning Authority (LPA) permission does not convey any approval to carry out works on or affecting the public highway.

Any changes to or affecting the public highway in Kent require the formal agreement of the Highway Authority, Kent County Council (KCC), and it should not be assumed that this will be a given because LPA planning permission has been granted.

For this reason, anyone considering works which may affect the public highway, including any highway-owned street furniture or landscape assets such as grass, shrubs and trees, is advised to engage with KCC Highways and Transportation at an early stage in the design process.

Across the county there are pieces of land next to private homes and gardens and near the highway that do not look like roads or pavements but are actually part of the public highway.

Some of this highway land is owned by Kent County Council whilst some is owned by third party owners. Irrespective of the ownership, this land may have 'highway rights' over the topsoil.

Works on private land may also affect the public highway. These include works to cellars, to retaining walls which support the highway or land above the highway, and to balconies, signs or other structures

which project over the highway. Such works also require the approval of the Highway Authority.

Kent County Council has now introduced a pre-application advice service in addition to a full formal technical approval process for new or altered highway assets, with the aim of improving future maintainability. Further details are available on our website below:

<https://www.kent.gov.uk/roads-and-travel/highway-permits-and-licences/highways-permissions-and-technical-guidance>.

This process applies to all development works affecting the public highway other than applications for vehicle crossings, which are covered by a separate approval process. Further details on this are available on our website below:

<https://www.kent.gov.uk/roads-and-travel/highway-permits-and-licences/apply-for-a-dropped-kerb/dropped-kerb-contractor-information>

Once planning approval for any development has been granted by the LPA, it is the responsibility of the applicant to ensure that before development commences, all necessary highway approvals and consents have been obtained, and that the limits of the highway boundary have been clearly established, since failure to do so may result in enforcement action being taken by the Highway Authority.

The applicant must also ensure that the details shown on the approved plans agree in every aspect with those approved under the relevant legislation and common law. It is therefore important for the applicant to contact KCC Highways and Transportation to progress this aspect of the works prior to commencement on site.

Further guidance for applicants, including information about how to clarify the highway boundary and links to application forms for vehicular crossings and other highway matters, may be found on Kent County Council's website:

<https://www.kent.gov.uk/roads-and-travel/highway-permits-and-licences/highways-permissions-and-technical-guidance>.

Officer's Analysis

Condition 34 – Travel Plan

- 34 Prior to any part of the permitted development being occupied or used, and notwithstanding the details shown on the approved plans, submitted documents and application form, the applicant shall prepare and submit for the approval of the Local Planning Authority a final Travel Plan generally in accordance with the Framework Travel Plan submitted with this application. The Travel Plan shall include, amongst other things, the appointment of a Travel Plan Co-ordinator and the plan shall be monitored at yearly intervals; the measures approved in the Travel Plan shall be implemented in accordance with the approved details or any changes subsequently made under its monitoring review process.

Reason In accordance with adopted Local Plan Core Strategy Policy CS11 of the Gravesham Local Plan: Core Strategy (September 2014).

The following information has been submitted to discharge condition 34:

- Planning Application Form;
- The Charter – Final Travel Plan – Paul Mew Associates (November 2025); and
- Covering Letter.

KCC Highways and Transportation were consulted and have confirmed that they have no objections to the discharge of the condition.

The submitted Final Travel Plan (November 2025) proposes the promotion of the existing sustainable

transport modes, providing links to train and bus information, ticketing and bus vouchers, together with targets and management through the use of a travel plan coordinator and regular monitoring. The submitted information addresses the wording of the condition, together with S106 obligations.

In summary sufficient information has been submitted to discharge condition 34 and no conflict with local or national planning policy.

Conclusion

It is considered that sufficient information has been submitted in order for Conditions 34 attached to planning permission reference 20200343 to be discharged.

Recommendation

Approval of details
