Reasons for comment:

Comments:	<p>Object object object. This estate will ruin our already over populated village having a huge impact to the small roads which are already congested. The lanes are congested with people using it as a rat run. It is already impossible to get access onto Wrotham Road from the side roads. This estate would only impact the congestion more. The schools are already over subscribed with village children unable to get a place. The wildlife will be affected displacing their natural habitat. We do not need more houses and people in this village. This is a green belt and should not be built on.</p> <p>The land is chalk and therefore the water does not soak away causing more likelihood to flooding. The areas already are affected by large Poole gathering when we have rain or snow.</p> <p>This is a village not a town or sprawl of Gravesend.</p> <p>Households have older families now and therefore this isn't a case of a family of 4 with one car, it is more likely a family of 4 with 4 cars and then extended family. Obviously impacting every aspect of this over crowded village.</p>
-----------	---

Kind regards
