Reasons for comment:	
Comments:	<p>This is productive agricultural land and should remain so.</p> <p>At busy times this is already a difficult piece of road to join or cross, as a driver or a pedestrian. At peak school and commuting times very difficult. At quieter times of day it's prone to significant number of speeding vehicles.</p> <p>This is one of three current applications in very close proximity. Any one alone will significantly affect the local environment for the worse. Residents old and new will struggle with the increased traffic. Productive farmland in the green belt will be lost.</p>

Kind regards
