Reasons for comment:

Comments:	<p>I wish to voice my objections to this proposal for the following reasons . This access would be incredibly dangerous. Longfield road narrows considerably at this point in the road . I have seen may accidents and near misses here over the years . Traffic speeds down from Longfield hill and rarely slows up at this point . As a pedestrian I have also found it to be very dangerous . Plus there is extreme congestion at school times and parked cars everywhere.</p> <p>This site is right next to a school with special educational needs . This proposal could cause real issues and anxiety in the children of this school . They cannot cope with the level of noise and disruption. There are two new houses being built near me in Norwood lane and the noise levels over the last few months have been intolerable. And that's just 2 houses !!</p> <p>I disagree with the loss of this agricultural land . It is high grade and would be a massive loss .</p> <p>Meopham cannot cope with any higher population of both cars and people . The doctor surgery won't cope and neither will wrotham road .</p>
-----------	--

Kind regards
