Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This proposal should be thoroughly rejected, they have already illegally concreted this land and have legal action preventing further modifications which are being blatantly ignored. Should not be rewarding those who break the law so flagrantly and continue to do so despite protests and legal action taken against them. Plus the amount of damage already committed to this area is atrocious, damaging woodland and the local environment with no care for wildlife or locals.

Kind regards
