Reasons for comment:

Comments: [REDACTED] We are a local group which organises social events to raise money for local good causes and charities. Many of our events are held in the Village Hall and we use the existing car park there. Our main event, however, is the Luddesdown May Fair, which attracts several hundred people from Luddesdown and surrounding villages. Over the years, the farm owners have traditionally provided additional parking areas, which are essential to the event proceeding each year. We understand that without this proposed new parking facility, Vineyard Farms may not be able to offer the necessary additional parking for the May Fair in future years. Both they and the Society are anxious for the tradition to continue. On a general point, the increased activity at Vineyard Farms, means that more off-road facilities are needed to avoid regular parking on the local verges and passing places.

Kind regards
