Dear Madam

Town & Country Planning Act 1990
29 Island Rise DA13 9JE

Whilst we appreciate the date for objections has passed, we feel we must comment on the householders manner.

[REDACTED]

[REDACTED] He forgets his home was purchased in 2006 when a fully glazed conservatory was already in situ on our site. The extension was built upon the demolition of the conservatory at just about the same floor level. We can see no more of his property now than the day we moved in.

We hope this helps clear matters.

[REDACTED]

P.S. A photo on Rightmove Sold 2006 shows the conservatory.
