

I live at no [REDACTED] I have lived there since 1986. [REDACTED]

[REDACTED] put the property up for auction. It was sold as a freehold Statutory investment, a residential investment. It was bought by [REDACTED], whose legal firm [REDACTED] is in Gravesend. On 6/6/24 I came home from work to find men cutting down trees [REDACTED] garden. There was no notice, it was quite traumatic. Then a high fence was installed cutting [REDACTED] garden in half. [REDACTED] informed he wanted to build flats on the ground. I objected and told him it was illegal to do so. He had a man in to cut down trees along the school boundary and remove school fencing. The caretaker asked me if I had permission to do so, I said I knew nothing about it. I found out [REDACTED] had 'sold' the land to his worker and financially set up a company called [REDACTED]. I object this planning application on the grounds that it is illegal. I am a [REDACTED] have been all my life, this is my home [REDACTED]. Please, I hope you understand my situation.
