11th September 2026

Dear Sirs

Re Shorne Mead, Pear Tree Lane, Gravesend, DA12 3JT
Application for the approval of condition 9 (detailed lighting plan)
attached to planning reference 20241166. Ref: GRr/2026/0871

The Society notes there are no details of the luminaires and are concerned at the impact the free-standing garden lighting could have on the wild life of the area. The Society notes that on the plan the coverage is limited. In the Society's view the height should not exceed 750mm.

The house light layout appears reasonable subject to the luminaires with little side spread and mounting height which should not exceed 2m.

Yours faithfully

Mrs P Lippiatt
Hon. Secretary
