Reasons for comment:

Comments:	This has been dealt with totally underhand , residents have not been informed that another application has been submitted , and only a couple of weeks has been given from application to decision . I found out via FB , there were over 130 objections all with valid points and I'm sure the same would of happened again if we had been informed . There is talk about human rights yet it seems that we are not given the same grace , my heritage also is from a traveller background , and when my great grandparents decided they didn't want to travel anymore they rented a house ! Why special rules have to be in place for said travellers , surely they aren't travellers when they want to settle ! My reasons before still stand , the site is unsightly , I have had people comment now when I'm asked where I live to say oh travellers have moved in , making this once sought after road into a road with a reputation for a whole different reason . The family have absolutely no connection to the area , so why on earth does it seem they are getting special treatment , the council has Consistently turned down applications for more desirable properties in this road !
-----------	--

Kind regards
