Comments:	Why do we have to keep protesting about this unauthorised planning application. I think you will find that there are already 8 mobile homes, landscaping, hard standing etc already in place so this is all retrospective planning permission. And again the circumstances have not changed. There was an injunction on this site which as far as I am aware is still in place so why is this application even being considered again after it had previously been refused. The road leading to this site is a narrow lane with only a few passing places. The travellers have already destroyed some beautiful trees and hedging along this lane and I believe that no one has been prosecuted against this unlawful destruction. Nothing has changed there is a shortage of services in the area including doctors hospitals schools etc. and the roads in the area are getting busier and busier so again I am against this retrospective planning permission.

Kind regards
