Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am making this comment to strongly object to this planning proposal. Since the opening of the shop, we have had litter and chicken bones everywhere which can become very harmful to pets like our own dog and due to us living extremely close by it all ends up outside our house which is very upsetting. Secondly, since the opening of the shop, it has becoming more and more difficult to be able to park outside our own house/garage, this has become incredibly frustrating Alongside this also, we have also had a problem with mice around the area surrounding the chicken shop, in particular the alleyways. By proposing to have longer opening times alongside a delivery service will only add to all this and will make (what is currently) a nice neighbourhood, horrible to live in. Whilst I understand the proposal from the business perspective, it does not benefit anyone in the neighbourhood and instead has the opposite effect.

Kind regards
