DA12 3EB
21-6-24

For the attention of Mrs Katherine Parkin,

Dear Madam,

I am writing regarding the solar panels requested to be fitted to the rear & side roof slopes on the property:- The Beeches, 5 Barsons Close COBHAM.

As we live in Battle Street & look at the back roof slope of said property from [REDACTED]

[REDACTED] It grieves us to know that we could be looking at solar panels & probably get a glare of reflection when the sun is on them.

Could you please consider this as we live in a conservation area known for its Dickensian connections & of outstanding beauty which we are proud of & would like to think that we can keep it this way.

[REDACTED]
