| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | |
| Comments: | I object for the following reasons:- Serious lack of infrastructure i.e., schools, GP's and hospitals The lack of public transport will encourage residents to use their cars adding additional traffic to an already busy A227 Current road closures and highway repairs cause mayhem for motorists, dangers to pedestrians and cyclists and delays when emergency services have to negotiate gridlocked lanes. Loss of land will have a detrimental Impact on the environment and wildlife. Once it's gone, it's gone. Plans to build 3000 homes near Borough Green will result in a considerable increase in traffic. Roads already become flooded with man hole covers lifting and local community having to clear the drains when the Met office release weather warnings. |

Kind regards
