Reasons for comment:

Comments:	To Whom It May Concern, I am writing to express my support for the revised description and proposed change of use for the basement and ground floor of the public house to Use Class F1(f) for public worship or religious instruction. This change is significant and beneficial for our community. It provides a valuable space for spiritual growth, community gatherings, and religious education. Transforming the underutilized sections of the building into areas dedicated to public worship or religious instruction will enhance the social fabric of our neighborhood, fostering a sense of unity and purpose. Moreover, this change aligns with our values of inclusivity and respect for diverse religious practices. It creates an inclusive environment where people can come together, share their beliefs, and engage in meaningful activities that promote peace, understanding, and cooperation. I believe that this development will positively impact the community by providing a safe and welcoming space for individuals and families to engage in spiritual and educational activities. Therefore, I fully support the revised description and the proposed change of use.
