Reasons for comment:	
Comments:	This will cause significant changes to the environment. Small wildlife and insects are a vital part of the ecosystem. Local infrastructure is already at its limit. More properties using congested roads. Current properties already have very poor water pressure without 700+ more. I have fears meopham will no longer be a villiage and become a town. Years ago applications were turned down due to the impact on the green belt.. what suddenly changed?

Kind regards
