Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Instrongly object to this planning Application. The land is grade 2 agricultural land, which grows crops every year, losing this land with hinder our food security. Meopham floods all the time, this land helps to reduce flooding. We lose habitats for wildlife, flight paths for mitigation birds, badgers have been caught on ring door cameras around that area. This plan will increase traffic, which Meopham barely copes with now. The infrastructure just about copes now, we have power cuts, flooding, poor broadband, GP practices (Meopham & istead rise full to capacity) already outlined by them, on NHS dentist. Small amount of amenities, with no capacity for work. Bus service is hit and miss, no Sunday service, school bus service is expensive and unreliable. Both stations to not cater for the elderly, disabled or parents with prams (no lifts). Train service is limited outside of rush hour. Blocking of Norwood Lane, would hinder emergency services to Norwood Lane and Nursery Road. Norwood Land will became a car park for people accessing the infant school. Meopham secondary school has been extended twice already, don't feel they will have the capacity to cater for more students from that development, our primary schools will not be able to accommodate the overflow from the new school. All that is being offered with this development, we already have in Meopham; opens spaces, community centre, play areas m, allotments, etc. This will merge Hook Green & Sole Street. Which is against the Green Belt policies. This land is NOT GREY belt, it is GREEN and grows crops
