Reasons for comment:	
Comments:	<p>The access road A227 is already very busy for a village and is already a 'rat run' between A2/M20. Further traffic from housing developments will only increase traffic resulting in severe congestion.</p> <p>The wildlife in the area needs to be protected.</p> <p>Farmland is for crop production, not housing.</p> <p>This is against the governments referral to 'grey' land development. this is farmland which is green. there is no justification for developing farmland for housing. There is plenty of grey/brownfield sites that should be developed before green farmland is ever considered for development. There can be no justification for such a development.</p>

Kind regards
