| Stance:         | Customer objects to the Planning Application |

Reasons for comment:

Comments:

strongly object to the recent planning application to turn a plot of land into a travellers site for 2 static homes, 1 already in situ and 2 travelling vans, plus a day room or travellers to come and go. This land has a history of 5 planning applications, all of which have been refused. The reasons for refusal remain the same today as they did then and I'm asking Gravesham Borough Council to refuse on this basis.

Shorne is an asset to this area. A place where families bring their children to enjoy the open space many visiting the local countryside and country park on a frequent basis bringing money into the local cafes, shop and pubs. Something to be proud of. The possibility of a travellers site will certainly deter visitors from using the area. Taking away the amenity and enjoyment of local open recreation . Below us an extract from Google, printed in the local Kent Live

"Pear Tree Lane: The stunning Gravesend road which is the most expensive in the north of Kent

Pear Tree Lane is in Kent's top 10 most expensive roads, and is the most expensive in the north of the county"

Should this be given the go ahead, this will be taken away. Surely the council must see sense in not allowing this to happen?

The lane already has parking restrictions, and the fact that the applicant has already demonstrated the difficulty in bringing the homes to site, this should be considered. On the day the home was bought to site the lane suffered a forced closure of a few hours. The applicant had shown his disregard to the local settled community. Disregard to the funeral wakes, regularly held in the adjacent pub, and disregard of going ahead regardless of not having permission. This surely sets out a precedent of what will happen in the future.

I urge you please to refuse this out of character, blight on the Greenbelt, non sustainable, over crowding application.

Thankyou

Kind regards
