Reasons for comment:

Comments:	I have lived in this area for over 10 years with no issues with anti social behaviour of any kind. This community is predominantly filled with the ageing population want to spend their retirement years in a peaceful environment. I believe that putting a travelling community behind the see ho pub will have a negative effect on the surrounding area. I think that the See Ho as a business will suffer and loyal customers will be frightened off due to the close proximity of the travelling community. Having lived previously in an area where the travelling community were placed I know first hand what a negative affect it can have to the local community. From noise and light pollution to the lack of respect for the surrounding area aswell as the negative affect on wild life welfare. It is for these reasons I don't think that having the travelling community in this area will have a positive outcome
-----------	---

Kind regards
