Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: We strongly object to the erection of the detached outbuilding as this type of business is not suitable for the road they are proposing to run this on. The fact they went ahead without any permission shows the type of business they are operating as. Since this business has started operating the wildlife / walkers and horse riders have diminished on this road drastically, what was once a very quiet rural lane is now a very unsafe road due to the size of the vehicles running up and down here on a daily basis.

Kind regards
