Reasons for comment:

Comments:	I live locally and have concerns regarding this application. It is a beautiful area with lovely countryside and I am certain that this impact would have a negative impact to the area. If a site is allowed will extra amenities be provided for the new residents? For example will waste disposal and extra facilities for more families such as schools and doctors be available. I also noticed the other day that a burnt out caravan was located on Nurstead Lane, some fly tipping is also an occurrence in the area. If a traveller site is accepted will this problem increase? Tensions with local residents will also increase and will the application and a new site have an affect on property prices? I regularly see dirt bikes with teenagers recklessly riding along whitepost lane which the council and police can do nothing about, I am concerned that if a traveller site is created this problem will also increase.
