Reasons for comment:	
Comments:	i live opposite the garage site and for years I have had to endure druggies and people defecating in front of the garages, in the evenings there would be groups of alcoholics making noise and leaving litter all over the place. The fly tipping was also a big problem, the since the gate has been put up and the containers put there it has stopped all these problems. I hope that the planners approve the application otherwise things will go back to how they were and I will have to endure the misery of having to deal with the bad behavior all over again. I fully support the application.

Kind regards
