## Comments Details

Commenter Type: Neighbour

---

Stance: Customer objects to the Planning Application

---

Reasons for comment:

Comments: Apart from the fact that Meopham has insufficient infrastructure and facilities to cope with a development of this size, vehicular access to this site via Wrotham Road is a danger given the volume of traffic already using this road. This is agricultural land used for food production and given the current threats to food security it should be kept as such. If permission is given to build on one farm field a flood of applications to develop all similar land will undoubtedly follow and be impossible to refuse. There are many brownfield sites in the Gravesham area and until these are all fully developed there should be no loss of green belt land to housing.

---

Kind regards
