## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>This will have a major impact on the area and also the children that attend the SEN school close to the proposed site.</p> <p>The pupils that attend the school are sensitive to sensory overload and stress. The proposed site will add more noise and traffic to the area and negatively impact the the well being of vulnerable children that attend the school.</p> <p>Longfield Road is extremely narrow and has residents cars parked each side, the added houses will add to traffic making the road/area highly congested during school drop off times.</p> <p>I believe the site is not suitable place for additional houses to be built, with dangerous access in out on an already busy road which is in constant use by heavy vehicle using the weigh bridge at Green Street Green.</p> <p>The site is high grade agricultural land which has been framed for centuries and contributes to food production.</p>

Kind regards
