Reasons for comment:	
Comments:	<p>The access to this site will be onto a narrow rural lane and is dangerous and not suitable.</p> <p>The land is high grade farmland which contributes to UK food production, minimising the need for food importation.</p> <p>An additional 150 houses to the area will have an impact on the services in the area such as the doctors surgery and also the train services where commuters stand during peak travel times.</p> <p>The bus service for the area is minimal and the A227 already gets congested if there are road works/accidents on the major surrounding roads (M25, A2/M20) The overall impact of all three sites which are being proposed for the area and the addition of Blackthorn Farm (100 houses) should be considered.</p>

Kind regards
